Re: Submission of Information for Prospective Board Members.

Dear Mr. Ambs,

I'd like to be considered for one of the available Board Member Positions, and have attached my professional resume for your review. I would be able to attend regular and executive meetings whenever scheduled. My wife, Loretta, and I purchased our home in December of 2014 and moved here full-time in early 2017.

In order to share a little more information about myself, here's a brief biography:

I married my high school sweetheart, Loretta, and we just celebrated our 40th year anniversary. I pursued a career in law enforcement while she became a registered nurse. When I turned 21 (in 1976), I was hired by the Inglewood Police Department, which borders South-Central Los Angeles, California. After several years of working there, I opened an insurance brokerage while still a police officer and transitioned into the insurance business on a full-time basis. I remained involved in law enforcement for another 21 years as a Reserve Deputy for the Los Angeles County Sheriff's Department until 2005.

Seeking to continue working in another aspect of law enforcement, I earned a Doctorate in Clinical Psychology (2002) to become a police psychologist. I am now mostly retired and only do occasional consulting work.

Our two children, Erin and Katie, are both married with children. Erin is a physician and Katie is a Lt. Commander in the US Navy.

I'd like to join the board to provide continued stability to the community and serve the people of Christmas Lake Village.

Thank you for your consideration,

Dr. Lawrence "Larry" Ball
