

Lake Re-Spraying Scheduled for Monday!

Several areas in main Lake completely covered in weeds.

Because the last treatment was unsuccessful the contractor will once again spray the lakes for weeds this month. Lake weeds around docks and down the two main coves have all but consumed entire area. We want to thank all for their patience and understanding as we work through this issue. If you happen to see him in your area don't hesitate to watch and ask questions. So be on the look out for the Lake Spraying on Monday 7/27/15.

Heads Up! Road repair will kick off in a couple of weeks and hopefully finish up before school starts; it'll be close. All areas considered have been marked with white spray paint so plan ahead and avoid the area while repairs are in progress. Another reminder will be sent out as date draws closer. Please be courteous to the workers and mindful of the mess it makes if you drive through it.
