**Subject:** Parks and Rec Meeting/Gate Card Issue

[View this email in your browser](#)

Technical glitch may effect several members at all the gates. Due to a recent upgrade in computer hardware in the CLV Gatehouse several members may experience issues at the gates when attempting to gain access. Our hopes are to have this problem resolved by noon tomorrow (2/18/2016) until then if you happen upon a stuck member at a gate please let them in. I will send out another email when error has been corrected and to stop assisting others. Thanks to all for your understanding and patience as we work through this issue.

### **Parks and Recreation Meeting 24 February**

Parks and Recreation Meeting Scheduled for 24 February at 6 PM at the Recreation Center. Ryan Flannagan will host a meeting for all members and his committee interested in getting involved in current and future projects. If you are interested in being a part of the committee or just interested, come on out and get involved and help shape the future of CLV.

CLV is still accepting applications from members desiring to run for the Board of Directors. Applications will be accepted until April 23, 2016 at the gatehouse or email Brian Greulich @ [jambalaya@psci.net](mailto:jambalaya@psci.net). This term will start in June 2016 and last until June 2019. If you are interested in getting involved or have questions call Chris at 544-2234.

Our little white deer has all but grown up. This recent sighting was along Prancer Dr just past Blitzen Lane. This deer can also be seen frequently hanging out around the Kasper Gate area for those that utilize the main gate who want to see her. If you want to try and see her I recommend you drive down Kasper lane once or twice a week; guarantee you will eventually spot her.
