

# Fishing Advisory Meeting Recommendations February 13, 2018

## Meeting Notes

Recap of Fish Advisory Meeting, Feb. 13, 2018

Bruce Tesch chaired the meeting. Board members present – Lisa Gengelbach, Charles Tomey & Don Vogel. 25 members present with excellent discussion.

Review the summary of the 2017 Fish Survey Report

In summary agreed to follow the recommendations from Aquatic Control Inc.

Several culverts will be placed throughout Christmas Lake to better enhance catfish spawning.

Different daily creel limits will be implemented in the 3 lakes for the next 2 years.

A recommendation to stock perch was met with favorable discussion. If possible, CLV will introduce 500 perch to Christmas Lake; a species that has not been stocked in the past.

## Christmas Lake

**Fish** creel limit 50, but no more than 25 **crappie** and 10 **redeer**, balance up to 50 in **bluegill**. **Bass** catch and release only from Jan 1 to May 30; May 31 to Dec 31 - 3 bass 18 inches and longer; release all other bass caught.

**Striper bass** limited to 1 fish 21 inches and longer

**Catfish** daily limit 5 fish 18 inches and longer

---

## Fishing Advisory Meeting Recommendations February 13, 2018

Restock recommendations:

**Catfish** Non-hybrid, **striper hybrid bass**, also consider if money available restocking **redeer** and **perch**

### Lake Holly:

**Fish** creel limit 25, but no more than 10 **bluegill** and 5 **redeer**, balance **crappie** up to 25. **Bass** follow Aquatic Control recommendation with slot limit of 12 to 16 inches catch and release only, 5 under 12 inches and 1 over 16 inches. Like Christmas Lake catch and release only Jan 1 to May 30; creel limits apply May 31 to Dec 31. **Catfish** daily limit 5 fish 18 inches and longer

Restock recommendations:

**Catfish, redear**

### Lake Noel:

**pan fish** same creel limits as Lake Holly

**Bass** daily limit 3 fish 14 inches and longer

**Catfish** daily limit 10 fish 12 inches and longer

Restock recommendations:

**Redear, bluegill**
